# FastPack® IP System

Quantitative immunoassay testing  
at the point-of-care

# FastPack<sup>®</sup> IP System

The **FastPack<sup>®</sup> IP** offers fully automated quantitative immunoassay testing designed for use in any size physician's office laboratory. The system is versatile, requiring minimal space while providing test results in 12 minutes or less enabling patient consultation, testing and treatment in one visit. Utilizing chemiluminescence technology, the system provides laboratory-quality results in three simple steps.

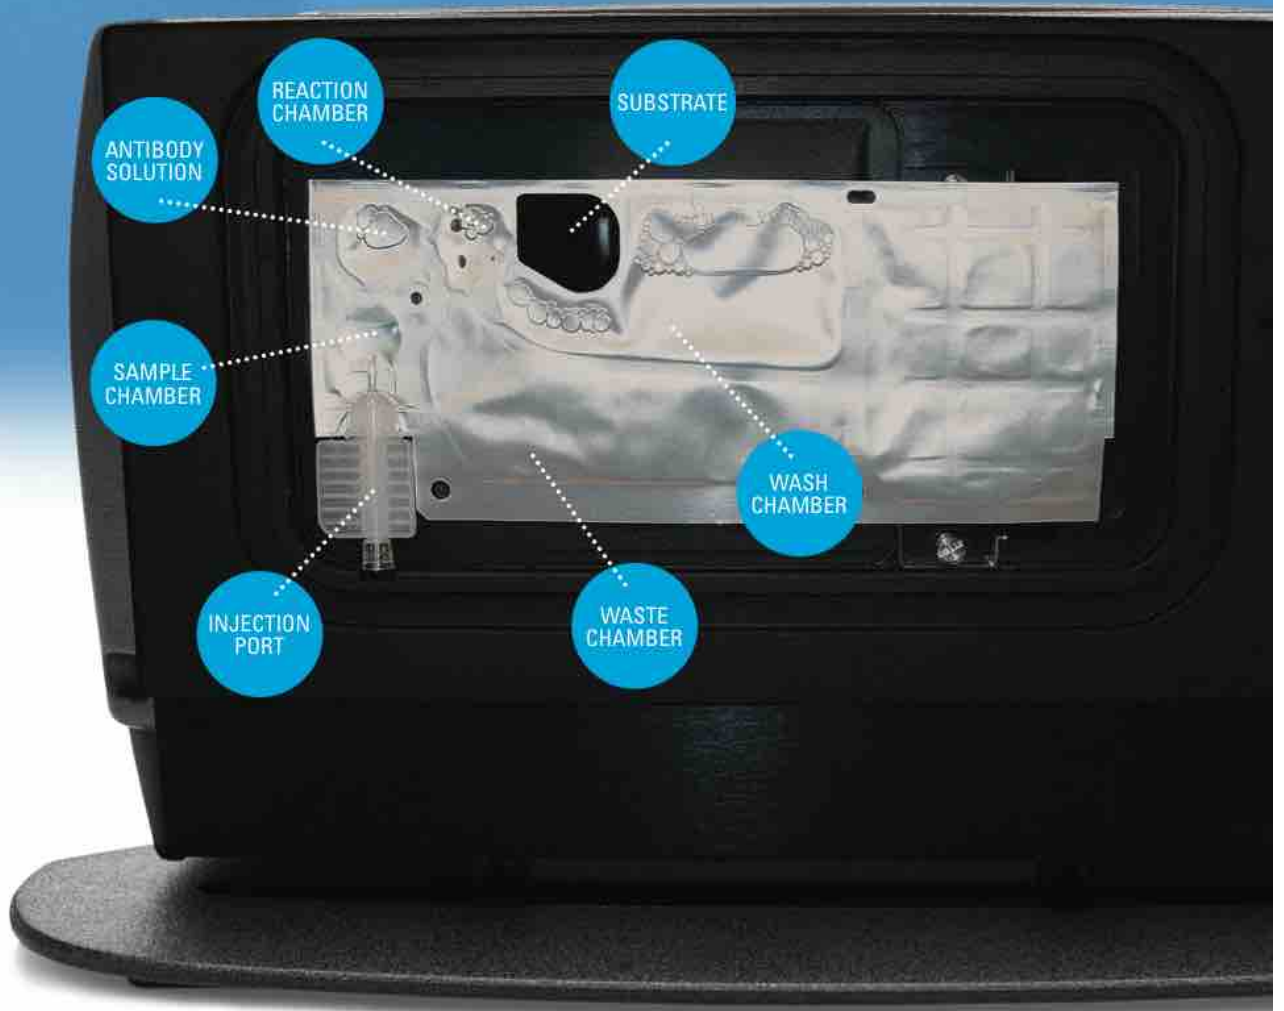

Each assay is performed in self-contained FastPacks to provide results in a rapid and convenient format.

- Easy sample introduction and safe sample handling due to unique self-sealing design
- No preparation or reagent additions required
- Direct from refrigerator to testing on system — no temperature equilibration required
- Improved efficiency — uniform reagent pack design minimizes errors and standardizes training
- Simple safe disposable

Menu\*: Vitamin D / Testosterone / PSA / TSH / Free T4 / hCG / Free PSA / Alpha-GST

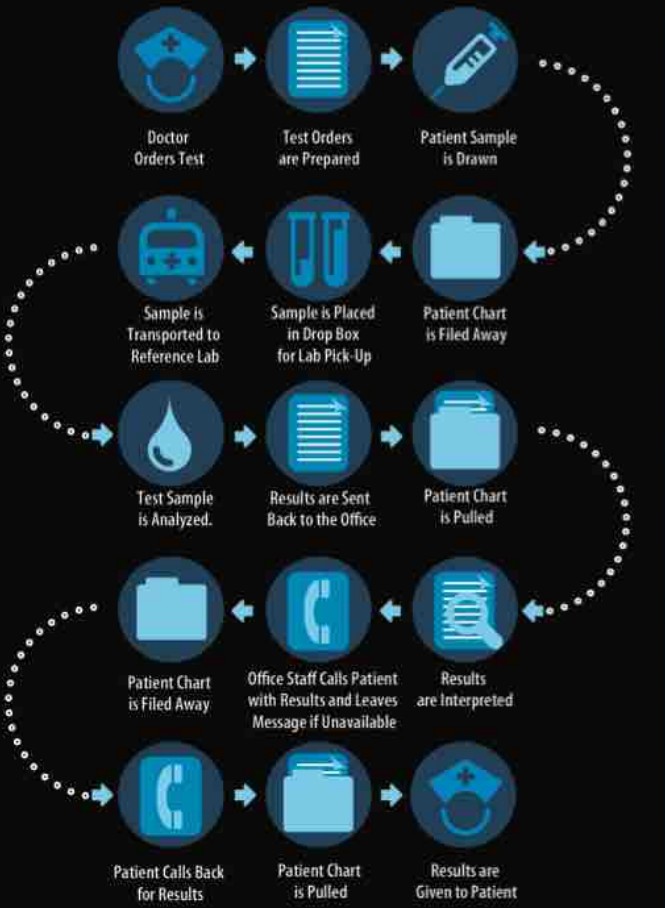

*\* Please note that some products listed may not be available in all markets.*

# FAST SIMPLE ACCURATE

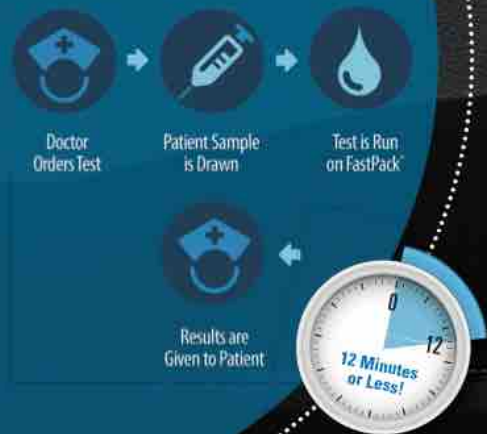

# The FastPack<sup>®</sup> Method: Turns Days or Hours to Minutes!

## Point-of-care testing *the OLD way...*

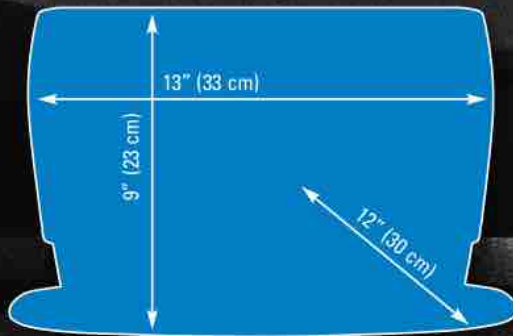

## Point-of-care testing *the FastPack<sup>®</sup> way...*

COMPACT & CONVENIENT

## Benefits

- Reduces labor costs
- Reduces lab send-out costs
- Minimize need for patient call-backs
- Enhances practice efficiency
- Flexible acquisition options
- No capital required for start-up
- Rapid return on investment

Easy to Implement – Sekisui Diagnostics guides you every step of the way

- CLIA requirements
- Training of personnel
- Optimized workflow/financial return

**Good for Your Practice:**

- **Improved workflow**
- **Satisfied patients**
- **Healthier bottom line**

## WHAT A DIFFERENCE 12 MINUTES CAN MAKE TO YOU AND YOUR PATIENTS

### FastPack® IP System: The 12 Minute Difference

With its ease of operation and hands-off processing, the FastPack® IP Immunoassay System can help increase the efficiency of your practice and the satisfaction of your patients, without using up your most critical resource — TIME!

What will 12 minute test results do for you?

- Provide laboratory-quality diagnostic results in minutes versus hours/days
- Allow you to start or adjust patient therapy in a single visit
- Minimize the need for patient call backs
- Minimize the need for return visits allowing the opportunity to see more patients
- Support a healthier bottom line

Whether you are a physician or a member of the office staff, 12 minutes to FastPack® results will help make a difference to your practice and your patients.

Contact your Sekisui Diagnostics rep today and see how much difference 12 minutes can make!
